## PROGRESSING THROUGH THE GAME

Excite Truck isn't just about racing to first place—it's also about pulling off huge tricks and scoring stars. To move on to the next cup, you'll need to earn at least a B grade. To get a higher grade, you'll need to race fast and bust out some big stunts as well.

Before each race, information about the upcoming race will be displayed. This includes the time limit for the race, the number of stars required to move on, and how many laps the current race will be.

## DRIVING TECHNIQUES

Pull off death-defying stunts to earn stars that add to your final point total. You'll earn stars for executing all of the stunts and tricks listed below. Keeping your stunts as outrageous as possible will earn you the maximum number of stars.

Air	Keep your vehicle airborne for as long as you can after flying off a big jump
Drift	Slide your vehicle around a turn
Tree Run	Drive as long as possible near trees without crashing
Air Spin	Spin your truck while in the air
Truck Throw	Shape the terrain and launch your opponent into the air
Jump Combo	Quickly link consecutive jumps
Truck Smash	Ram an opponent with your vehicle
Nice Crash	Receive a star for crashing (this will slow down your time)
Rings	Launch your vehicle through a series of rings

Other actions will not score stars directly, but will help you achieve your goals. These include:

Nice Landing	Get a boost by successfully landing on the ground with all four tires at once
Turbo Jump	Launch yourself skyward by hitting the turbo button at the start of a jump

### BOOSTING AND OVERHEATING

Use the +Control Pad to provide boost to your vehicle. Make sure to be aware of your temperature gauge so that you don't overheat!

### BONUS STARS

Finish the race to earn extra stars. Your final place will determine the bonus.

1st Place - 50 bonus stars    3rd Place - 15 bonus stars    5th Place - 5 bonus stars  
2nd Place - 25 bonus stars    4th Place - 10 bonus stars    6th Place - 0 bonus stars

### CRASHING

If you crash, tap **2** as fast as possible to return to the race with a speed boost.

### MORPHING THE TERRAIN

Hit the exclamation point trigger during a race to instantly morph the terrain ahead of you. Morphing the terrain can give you the critical edge in a tough race. You can use the exclamation point trigger to launch your opponents into the air, giving you even more stars! Not only that, hitting this trigger sometimes reveals rings that can be used to gain more stars or something you may not expect.

### POWER ITEM

Hit the POW icon during a race to make your vehicle powerful enough to mow down trees and temporarily boost your speed.

# RACE SCREEN

## PAUSE MENU

- Resume** - Continue the game
- Restart** - Start the current race over again from the beginning
- Sound** - Set sound options (see p.6)
- Quit** - End the current race

# OTHER GAME MODES

## CHALLENGE MODE

Put your truck-racing skills to the test! Compete in various Gate, Ring, and Crush Challenges.

## GATE CHALLENGE

Attempt to pass through as many gates as possible before time runs out to achieve the highest ranking. Jumping through rings gives you additional stars. Missing a gate will deduct time from the clock.

## RING CHALLENGE

Jump through rings to score stars. The most valuable rings are the hardest to reach. Race as quickly as possible, since any time left on the clock will be added to your score.

## CRUSH CHALLENGE

Take out each of your opponents in the arena by crashing into them. Soft hits don't count, but heavier crushes score more. Drive fast and hit hard!

## How to Begin a Challenge

1. Select "Challenge" from the Main Menu.
2. Choose a Difficulty Level.
3. Select either the "Gate," "Ring," or "Crush" Challenge, then decide which course you would like to attempt.
4. Select a color for your vehicle.
5. Press **2** to begin the challenge!

## VERSUS MODE

Race against a friend in exciting split-screen action.

### Starting a Two-Player Race

1. Add a second Wii Remote to your Wii console.
2. Select "Versus" from the Main Menu.
3. Select a country to race in, then the course.
4. Each player selects a vehicle and vehicle color.
5. Press **2** to begin the race!

Excite Truck allows you to listen to your personal MP3 music files during the game. By inserting an SD Card into your Wii console, you can choose the music you want to hear!

## How to Select Music Tracks

1. Insert your SD Card into the Wii console.
2. Begin or continue a game and enter any race. Before the race begins, press **+** on the Wii Remote to access the Sound Options screen.
3. Select the "SD Card" option.
4. Any MP3 files available on your SD Card will be displayed (100 songs maximum). To choose a specific song for the race you are about to enter, highlight that song. You can also choose to randomize all songs shown for that course. Highlighting "Default" will play the standard in-game music.
5. Press **+** to return to the Sound Options menu, then **←** again to return to the pre-race screen. You can also use the "Sound" command at any point during the race to change the current song.
